

Hawker 800 at Degner Regional Airport. The Sheriff said eight passengers and two crew members were aboard the plane when it crashed off runway 30.

AUGUST 1, 2008 (OSHKOSH, Wisconsin-USA) - One person was killed when two warbirds collided on

the south end of the north-south runway at Wittman Regional Airport. Witnesses reported seeing two P-51 Mustangs approach the south end of Runway 18/36 for what appeared to be a formation landing when the propeller of one Mustang caught the tail of the other, flipping it onto its nose. The aircraft in the rear tried to pull around the crashed aircraft and flipped over in the process, witnesses said.

AUGUST 8, 2008 (VINSTA, Sweden) - A twin-engine aircraft with four people on board crashed in woodland in Vinsta near Stockholm. The four people sustained minor injuries. The plane is a twin-engined

Diamond 42 which was being used by a flying school. They had just taken off from Stockholm Bromma airport, when the pilot called in to say that the plane was experiencing engine trouble and wanted to return to the airport.

AUGUST 22, 2008 (MOAB, Utah-USA) — A pilot and nine passengers were killed when a twin-engine plane crashed and burned near an airport not far from Arches National Park in southeastern Utah. The plane was fully engulfed in flames when emergency re-

sponders arrived late at the site about 2 miles from the Canyonlands Field Airport.

AUGUST 24, 2008 (BISHKEK, Kyrgyzstan) - A passenger plane crashed shortly after take-off from the capital of Bishkek claiming the lives of 71 people onboard,. The Boeing-737 operated by Kyrgyz air company Itek Air was en route to

Iran when it went down near Manas airport, the civil aviation ministry said. Rescue teams and firefighters were dispatched to the site of the crash a few kilometers from the airport where the plane was engulfed in fire, officials said.

AUGUST 26, 2008 (MUNICH, Germany) - An Air Dolomiti Aerospiale ATR-72-200, registration from Munich (Germany) to Bologna (Italy) with 59 passengers and 3 crew, was taxiing out for takeoff, when the left main gear caught fire, sending a plume of smoke over the airport. The crew stopped the airplane and

evacuated the airplane, then arriving fire trucks extinguished the wheel fire. No injuries have been reported.
