

PATTON'S MAXIMS FOR LEADERSHIP

CONTEMPLATING THE FUTURE

Patton would be fatally injured in a car accident the day before he was to return to America and tell people what Eisenhower was doing in Europe.

“YOU MUST BE SINGLE MINDED. DRIVE FOR THE ONE THING ON WHICH YOU HAVE DECIDED.”

**General George S. Patton Jr.
(1885 -1945)**

You can't let anything get in your way or stop you, whether it's the enemy or even your own high command. Once you've set your sights on a goal, every fiber of your being must be focused on it. You may have to cajole, flatter, and charm; you may have to display the world's worst temper and cuss a blue streak; you may have to do things that make you look like an A1 asshole—none of that matters. The main concern must be the mission. Driving and pushing will save lives. The harder you push, the more the enemy will be killed. The more enemy you kill, the fewer of your soldiers will be killed. Pushing means fewer casualties and less suffering for you men. Don't stop until you have gained your objective.

ARFF PROFESSIONALS INC. was started when a need for excellent, fair and honest nation wide emergency vehicle repair service was realized. The owners have in excess of 35 years of experience in emergency vehicle repair. We have 3 fully equipped service trucks traveling 48 states. We believe in repairing units on site at the time the defect is found. We do not believe in tying up units for extended periods of time. Our tools and equipment are state of the art in accordance with tomorrow's standards. Our staff's total combined experience is approximately 55 years. We don't stop here. One of our top priorities is continuing education in the fire industry. We work closely with all the major manufactures in the industry. We are direct buyers with all of the major parts and equipment suppliers in the industry.
